MEDIA ADVISORY

What: Informational Meeting about Eastern San Joaquin's Groundwater Basin
July 18, 2019

The Eastern San Joaquin Groundwater Authority is creating a Groundwater Sustainability Plan to protect groundwater resources in your groundwater basin. The Eastern San Joaquin Groundwater Authority has been hosting a series of informational meetings to provide updates on local efforts to meet the state's Sustainable Groundwater Management Act goals.

The public is invited to attend the fourth informational meeting on July 18 to learn about sustainable groundwater management. The public will have the opportunity to ask questions and provide input about the Groundwater Sustainability Plan.

This meeting coincides with the Draft GSP public comment period, which is scheduled for July 10 through August 25.

This is the final Eastern San Joaquin Groundwater Authority informational meeting prior to Plan submittal in January 2020.

Who: Eastern San Joaquin Groundwater Authority

When: Thursday, July 18, 2019
5:00 p.m. – 8 p.m.

Where: Robert J. Cabral Agricultural Center, Assembly Room 1
2101 E. Earhart Avenue
